

The heatmap displays the percentage of respondents in six countries who believe the war will end within a specific time frame. The x-axis represents time in months, ranging from -15 to 10. The y-axis lists the countries: Romania, Serbia, Ukraine, Moldova, Hungary, and Bulgaria. A color scale on the right indicates the percentage of respondents, ranging from 0% (dark blue) to 100% (red). The data shows that in most countries, the majority of respondents believe the war will end within the next 0 to 5 months, with percentages reaching up to 100% for some groups. For example, in Romania, Serbia, and Ukraine, the highest percentages (red) are concentrated in the 0 to 5-month range. In Hungary and Bulgaria, the percentages are more varied, with some groups believing the war will end within 5 to 10 months.
